Sir,

COMMUNITY PROJECT--South Kanara--Starting of an artificial insemination centre at Mangalore--Supply of furniture--Regarding.

Ref: 1. Dt. Vety. Officer, S.K. Mangalore No.1950/54, Dt. 26--11-54.
2. G.O.Ms.No.1622 Pub. RDP. Dept. Dt. 11-9-1951.

Most of the articles for starting the insemination centre at Mangalore have been received. Two Vety. & Live Stock Inspectors have also been posted to the Centre. There is, therefore urgent need to supply the centre with required furniture as provided in the G.O. cited second above. As the supply by Jail Dept. will take a long time ~~a long time~~, I have placed orders with reliable local furniture marts for the furniture required . The orders were placed only after obtaining competitive quotations from reliable local marts.

I request that my action in having arranged the local purchase of ~~further~~ furniture on the basis of competitive quotations may kindly be approved.

In this connection, I submit that the local rate is far below the rate at which the furniture is available with Jail Dept., not to speak of the poor quality of the Jail made articles.

Yours faithfully,

Project Executive Officer.

To
The Director of Community Development, [illegible]

Sir,

Sub: COMMUNITY P. JECT--South Kanara--Setting up of artificial insemination centre at Mangalore--Supply of furniture--local purchase--Further report--submitted.

Ref: Govt. Memo No.666 Dl.VI/55-1, Dt. 9-2-1956.

A list of furniture articles with their dimensions, furnished by the District Veterinary Officer for the requirement of the artificial insemination centre for which quotations were called for from the local firms, is enclosed for kind perusal. A copy of District Veterinary Officer's letter with which the list was received is also enclosed as required in the Govt. Memo cited.

In response to the notice calling for quotations, two firms of Mangalore town submitted quotations. The rates quoted by M/S. St. Joseph's Asylum Industrial Workshop, Bejai Alore one of the most reliable and popular firms were found to be the lowest in the aggregate and orders were therefore placed with this firm for supply of all articles irrespective of the rates quoted for individual items as the articles made by this firm are found better in quality compared to the other firms.

As there was acute shortage of furniture at the regular veterinary hospital, I have been receiving representations from the two Veterinary & Live Stock Inspectors posted to the centre under the Community Project scheme, for immediate supply of furniture.

In view of the urgency the quotations were accepted on condition that the articles should be supplied within 15 days without fail.

A copy of the acceptance order is also enclosed for kind perusal.

In this connection, I submit that the Jail Dept. was not consulted in this particular case, as from the rates quoted by the Central Jail for certain articles of furniture required by this community project for use at the Primary Health Centres I was convinced that the rates quoted by the local firm are far below the Jail Dept.'s rates and the quality of goods supplied by local firms of this place is found much better than that of Jail goods. It would not have also been possible for the Jail Dept. to execute orders as quickly as required. The expenditure on transport is also saved. For all these considerations, the local firm was preferred.

I submit that the Jail Dept. is being consulted in all non-urgent cases. I am now calling for quotations from the Jail Dept. also invariably before deciding to place orders for such articles.

Y.E.O.

I, therefore request that the Govt. may kindly be pleased to notify my action in having purchased locally the articles of furniture appended to this report as a special case.

Yours faithfully,

Project Executive Officer.
